

RAPEX 48 – 27/11/2020

Risk type: Burns

Notifying country: France

Alert number: A11/00104/20

The presence of alcohols is not accompanied by the appropriate hazard pictograms and warnings. Users have therefore no information on the toxicity and flammability of the product, which in the presence of an ignition source, could lead to a fire.

The product does not comply with the Biocidal Products and the Classification, Labelling and Packaging (CLP) Regulations.

Category: Chemical products

Product: Hand disinfectant

Description: 125 ml and 500 ml of alcohol-based hand sanitiser gel. The product was sold online, including on Amazon.

Packaging description: The product is sold in 125 ml and 500 ml white plastic bottles with a white and red label.

Brand: PARISIENNE

Name: GEL IGIENIZZANTE MANI - deep cleansing hand gel

Batch number: PROD.20/04/20-2

Is the product counterfeit? Unknown

Measures

Measures ordered by economic operators (to: Distributor)

Recall of the product from end users

Date of entry into force 25/10/2020

Risk type: Chemical

Fire

Health risk / other

Notifying country: France

Alert number: A12/01608/20

The product contains an insufficient amount of ethanol (measured values: 28,4% by weight). Consequently, it does not kill bacteria or viruses, which could then reach the user, increasing the risk of infection. Moreover, the presence of alcohols is not accompanied by the appropriate hazard pictograms and warnings. Users have therefore no information on the toxicity and flammability of the product, which in the presence of an ignition source, could lead to a fire. Furthermore, the product contains the preservative methylisothiazolinone (MI) (0,0063%), which is forbidden in leave-on cosmetics. Dermal contact with MI-containing products can provoke allergic contact dermatitis to sensitised persons. The product does not comply with the Biocidal Products and the Classification, Labelling and Packaging (CLP) Regulations.

Category: Chemical products

Product: Hand disinfectant

Description: 100 ml of transparent alcohol-based hand sanitiser gel.

Packaging description: The product is sold in a 100 ml transparent plastic bottle with a pressure dispenser button under a transparent cap.

Risk type: Fire
Health risk / other
Notifying country: France
Alert number: A12/01600/20

Due to its characteristic form, appearance and packaging, consumers, especially children and debilitated people, may mistake the product for foodstuff and therefore swallow the liquid. Moreover, the product's packaging does not have the appropriate warnings. Users have therefore no information on the toxicity of the product, which could lead to burns.
 The product does not comply with the requirements of the Food imitating products Directive.

Category: Chemical products
