

## RAPEX 03 – 22/01/2021

**Risk type:** Health risk / other  
**Notifying country:** Germany  
**Alert number:** A12/00074/21

The product contains too little active chlorine to be effective as disinfectant (measured value: less than 0.016 mg/g). Therefore, it will not provide any disinfectant effect and thus not properly protect if not combined with additional measures.

The product does not comply with the Biocidal Products Regulation.

---

Warning consumers of the risks

Measures ordered by economic operators (to: Manufacturer)

Ban on the marketing of the product and any accompanying measures

Measures ordered by economic operators (to: Manufacturer)

Recall of the product from end users

---

**Risk type:** Chemical

**Notifying country:** Sweden

**Alert number:** A12/00073/21

The product contains methanol (measured value: 7 % by weight), which is acutely toxic to the central nervous system and to the eyes. Furthermore, the required hazard pictograms are missing. Users have therefore no information on the toxicity and flammability of the product. The packaging is not fitted with child-resistant fastening. Ingestion or contact with methanol may lead to blindness and death. The product does not comply with the Biocidal Products and the Classification, Labelling and Packaging (CLP) Regulations.
