Risk type: Health risk / other
Notifying country: Germany
Alert number: A12/00431/21

The particle/filter retention of the material is insufficient (measured values: as low as 82,5 %).
 Consequently, an excessive amount of particles or microorganisms might pass through the mask, increasing the risk of infection if not combined with additional protective measures.
 The product does not comply with the PPE Regulation and the relevant European standard EN 149.
