Risk type: Chemical

Notifying country: Norway

Alert number: A12/00551/21

The product contains an excessive amount of lead (measured values: up to 0,46 % by weight) and releases an excessive amount of nickel (measured values up to 18 $\mu\text{g}/\text{cm}^2/\text{week}$). Lead is harmful to human health, accumulates in the body, can cause developmental neurotoxicity and may also affect breast-fed or unborn children. Nickel is a strong sensitiser and can cause allergic reactions if present in articles that come into direct and prolonged contact with the skin.

The product does not comply with the REACH Regulation.
