

RAPEX 20 – 21/05/2021

Risk type: Fire Health risk / other

Notifying country: Romania

Alert number: A12/00687/21

The product contains an insufficient amount of ethanol and propan-2-ol (measured values: 53.1% and 6.6% by weight, respectively). Consequently, it does not kill bacteria or viruses, which could then reach the user, increasing the risk of infection. Furthermore, the packaging is not accompanied by the appropriate hazard pictograms and warnings. Users have therefore no information on the toxicity and flammability of the product, which in the presence of an ignition source, could lead to a fire.

The product does not comply with the Biocidal Products and the Classification, Labelling and Packaging (CLP) Regulations.

Category: Chemical products

Product: Hand disinfectant

Description: 500 ml of transparent hydro-alcoholic hand disinfectant, with gel consistency. The product was also sold online, in particular via eMAG.

Packaging description: The product is sold in a transparent plastic bottle.

Brand: Mr. Oxi

Name: Antibacterial Hand Gel

Batch number: L 8

Barcode: 5943091006023

Is the product counterfeit? No

Risk type: Health risk / other

Notifying country: Malta

Alert number: A12/00690/21

The product bears a CE marking but its filtering capacity has not been tested by a relevant competent European conformity assessment body. Additionally, the particle/filter retention of the material is insufficient (measured values: as low as 39%), the total filtration capacity of the mask is insufficient (measured mean values: as low as 75%). Consequently, the product does not fulfil the health and safety requirements; thus, even if combined with other recommended measures, it may not properly protect. The product does not comply with the Personal Protective Equipment (PPE) Regulation and with the relevant European standard EN 149.

Category: Protective equipment
