

RAPEX 26 – 02/07/2021

Risk type: Chemical

Notifying country: Germany

Alert number: A12/00960/21

The product releases an excessive amount of nickel (measured value: 2.19 µg nickel/cm²/week). Nickel is a highly sensitising contact allergen and may cause allergic skin reactions if present in articles that come into direct and prolonged contact with the skin.

The product does not comply with the REACH Regulation.

Risk type: Health risk / other
Notifying country: Belgium
Alert number: A12/00964/21

The total filtration capacity of the mask is insufficient (measured mean values: as low as 83%). Consequently, the product does not fulfil the health and safety requirements; thus, even if combined with other recommended measures, it may not properly protect. The product does not comply with the Personal Protective Equipment (PPE) Regulation and with the relevant European standard EN 149.

Category: Protective equipment
Product: Particle filter mask

Description: Black protective respiratory filtration half-face mask. The product is also sold online.
