Withdrawal of the product from the market

Risk type: Health risk / other

Notifying country: Belgium

Alert number: A12/01014/21

The particle/filter retention of the material is insufficient (measured values: as low as 35%), and the mask does not properly adapt to the face. Consequently, the product does not fulfil the health and safety requirements; thus, even if combined with other recommended measures, it may not properly protect. The product does not comply with the Personal Protective Equipment Regulation and with the relevant European standard EN 149.

Category: Protective equipment

Product: Particle filter mask

Description: Protective respiratory filtration half-face mask.

Packaging description: The product is sold in a white and blue plastic pouch containing 5 items per packaging. The package indicate the claims FFP2 and KN95 and the CE marking, and makes reference to the European standard EN 149.
